

JOHN W. NORTH
BLUE STAR REGIMENT

HomeAgain[®]
A lost pet's best chance

The Blue Star Regiment is Hosting a

PET MICROCHIPPING DRIVE

All Proceeds Support
the Blue Star Regiment
Instrumental Music Assoc.

1 in 3 pets goes missing during its lifetime, and without proper ID, 90% never return home. A microchip for dogs & cats gives the best protection with permanent ID that can never be removed or become impossible to read. Every month, HomeAgain reunites 10,000 pets with the people that love them.

Microchips are just \$40 each and include registration in the HomeAgain Database.

Join us on Saturday, March 12th from 8am-11am
and microchip your pet.

Event will be held in the North High parking lot on Linden St.
See www.northbsr.com for more info.

MICROCHIPS SAVE LIVES
